

Minors

While a minor is not a requirement, some Civil Engineering students choose to add a minor to their degree. A minor will not reduce or alter the existing degree requirements for a degree of Bachelor of Science in Civil Engineering. Requirements for minors can be found in the UNO Undergraduate Catalog (<http://www.ses.unomaha.edu/pdf/ucat05-06.pdf>). Students choosing to add a minor should work with their academic advisor to develop a plan for incorporating the chosen minor into their program of study for the degree of Bachelor of Science in Civil Engineering

Minors currently offered on the Omaha campus
